The sudden death of the respected leader, President Kim Il Sung, is the greatest possible loss to the Workers' Party of Korea and a source of immense grief to the Korean Nation.

The respected leader, President Kim Il Sung, devoted his whole life to the cause of independence for the popular masses. His tireless and energetic activities to promote the prosperity of the country, the happiness of the people, the reunification of the country and the peace and security of the world continued until the last moments of his life.

He was an outstanding thinker and theoretician and a genius of leadership who conceived of the immortal Juche idea and led the country's revolution and construction along the road of victory by successfully applying it. He was a great leader of the people who loved the people most deeply and devoted his all to them.

He was the greatest of great men who had all the qualities and traits of a great man and enjoyed the deep reverence and respect of all our people and the peoples of the world. The benevolent leader of our people, President Kim Il Sung, took the phrase "believe in the people as in heaven" as his maxim throughout his whole period of revolutionary activities and always found himself among the people, shared weal and woe with them and made tireless efforts for the freedom and happiness of the people.

The whole life of the respected leader President Kim Il Sung was the most brilliant life of a great revolutionary who forced his way through rigorous storms of revolution, undergoing all sorts of difficulties and trials for the country, the revolution, the working class and the people. It was the most glorious life of a great leader who walked the road of victory, turning misfortunes into bliss and adversity into prosperity with his brilliant intelligence, outstanding leadership ability and indomitable will.

The respected leader President Kim Il Sung passed away to our deep regret. But he provided the rock-firm foundations for our revolution to advance vigorously and continuously along the road of victory.

Standing at the head of the Korean revolution is Comrade Kim Jong Il, the great successor to the revolutionary cause of Juche, the outstanding leader of the Workers' Party of Korea and the Korean people, and the Supreme Commander of our revolutionary armed forces.

The tested leadership of the dear leader Comrade Kim Jong Il constitutes a firm guarantee for successfully carrying forward and accomplishing through generations the revolutionary cause of Juche started and led by President Kim Il Sung.

The Korean people will resolutely defend the revolutionary traditions of Juche that have been established and the immortal revolutionary exploits performed by respected leader President Kim Il Sung. The Korean people will change today's sorrow into strength and courage and bring about a new great upsurge in all spheres of the revolution and construction.

Although the heart of the respected leader President Kim Il Sung stopped beating, his august name and tender image will always remain in the hearts of our people and his great revolutionary cause and exploits will shine forever in history.
